

MAY 2013

'DAISY' SPRINGS INTO ACTION FOR A SISTER'S HOPE!

DESTO GIRLS AND WOMEN'S SOCCER TOURNAMENT IN UTRECHT PROMOTING A SISTER'S HOPE ON MAY 18

Action now gives next generation hope

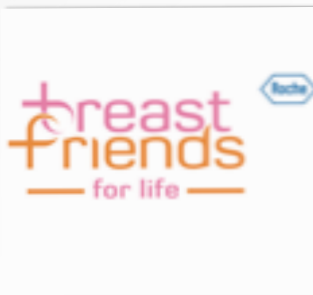

We have an opportunity and an obligation to address the dark cloud of breast cancer now so that one day we can be free from this disease. There are thousands of survivors in The Netherlands. Keep in mind that in 2010, an average of 9 people each day of the year died from breast cancer in

Holland. For some people, those statistics only strike a nerve, a "call for action," when the disease strikes someone they love. We ask you to not wait until that might happen. We ask you to schedule the weekend of Oct. 5-6, 2013, for a weekend 'walking toward a cure.' As a warm-up to the

60K Walk in October, plan to join us on Saturday evening, July 13, for the Pink Moon Run & Walk 8K. For those in the United States, Pink Moon will take place on October 26. Multiple opportunities for you to give the next generation hope.
