Register Now

Let's get excited! Let's get warmed up! Let's make 2012 a historic year in the journey to find a cure! 500 walkers? 1,000? What will it be? Will you be there?

January and February are perfect months to get registered for 60K Walk

The challenge of the 2012 Walk begins now. Register. Start your fund raising. Start getting your booty in shape for a fantastic October weekend.

Yes, the October 6&7 weekend is still eight months away, and you have lots and lots of time to officially register, meet your fund raising goal and train. But why are you waiting?

We just said good-bye to the year 2011. We also said good-bye to many loved ones. Statistics in Holland show that 9.6 people

(mostly women) die from breast cancer every day of the year.

There are other events and organizations that collect grand amounts of Dutch donations for "het goede doel". Stichting A Sister's Hope is the only one raising funds specifically and only for breast cancer research.

So if saving the lives of women and men who get the diagnosis of breast cancer is what you want to commit to in 2012, walk with us in October. We will walk with one another, share stories, sit together in the massage or medical tent while the volunteer crew tends to our sore muscles or blistered feet, eat together, laugh - and sometimes cry - together. And when we march into the Olympic Stadium to the glorious cheers and loving arms of our supporters, pride of our

accomplishment and the tremendous amount we have raised for breast cancer research will lift us. We give hope to those who are battling this disease, and to the 38 new cases diagnosed each day in The Netherlands.

We all already are aware of breast cancer. Funds are needed to fight the disease. Researchers need you. Walk with us.

Visit us at Fiets & Wandel Beurs, Feb. 11&12, Booth 11.G.25, RAI-Amsterdam
